IFB #1026869
MONTGOMERY COUNTY, MARYLAND
OFFICE OF PROCUREMENT

SECTION A - INSTRUCTIONS, CONDITIONS AND NOTICES
(Numbers 1-7, 26 and 27 are subject to selection on Bid Cover Sheet)

1. BID GUARANTEE

A Bid Guarantee (Bid Bond, Certified or Treasurer's Check, or Irrevocable Letter of Credit), must be enclosed and accompany each Bid and be duly executed by the Bidder as a principle, and made payable to Montgomery County. Please see the cover sheet for the amount required for the bid guarantee for this particular bid. Bid Guarantees, other than Bid Bonds, will be returned to all except the three (3) lowest bidders within 15 days after the formal opening of Bids, and the remaining Guarantees will be returned to the three lowest bidders within 5 days after the County and the accepted Bidder(s) have executed the contract(s). If no contract has been executed within the time specified herein, the Bidder may request the return of the Bid Guarantee. The County reserves the right of approval of any instrument offered as Bid Guarantee.

2. INTENT

- A. The Intent of this Invitation for Bid is to establish a Fixed Price or Rate of Discount Contract for the purchase of goods/services for Montgomery County, Maryland, as per the Terms, Conditions, Specifications and/or Scope of Work, and Quotation Sheet contained herein.
- B. The Intent of the Invitation to Bid is to establish a Time and Materials Contract(s) with a responsible Contractor(s) to complement County forces at various County facilities, as may be required and as may be directed by the Director, Department of General Services, and as called for in the SCOPE OF WORK statement(s) attached. All work shall be performed by a Specialty Contractor of established reputation who is regularly engaged in the performance of the specified work and who maintains, and makes available for this purpose, a regular force of skilled workmen.

3. METHOD OF AWARD

- A. The contract will be awarded to the lowest responsive and responsible bidder as determined by the Director, Department of General Services. The lowest bidder is determined by the aggregate amount of the unit prices extended by the quantities set forth on the Quotation Sheet. Bidders must bid each item in order to be eligible for an award.
- B. The contract will be awarded by group to the lowest responsive and responsible bidder as determined by the Director, Department of General Services. The lowest bidder is determined by the aggregate amount by group of the unit prices extended by the quantities set forth in each group on the Quotation Sheet. Bidders must bid each item within a particular group in order to be eligible for an award for the group itself.
- C. The contract will be awarded to the lowest responsive and responsible bidder as determined by the Director, Department of General Services. The lowest bidder is determined by the lowest unit price bid.
- D. The contract will be awarded by line item to the lowest responsive and responsible bidder as determined by the Director, Department of General Services.
- E. The contract will be awarded by any other Method of Award as stated on the Bid Cover Sheet.

Regardless of which Method of Award is selected for this bid (items A-E), THE DIRECTOR, DEPARTMENT OF GENERAL SERVICES, reserves the right to award a contract by individual items, in the aggregate, or in any combination thereof, or to reject any or all bids and to waive any informality in bids received whenever such rejection or waiver is in the best interest of the County.

Additionally, bidders are hereby notified that the Montgomery County Code, Section 11B-56 concerning the procurement of recycled materials and supplies is applicable to this solicitation. The Code requires, where practicable, procurement by the County of materials and supplies recycled

from solid waste, and authorizes the use of a percentage price preference. The percentage price preference for this solicitation is stated on the cover sheet of this particular bid.

Recycled Material as defined by Section 11B-56 means "material recovered from or otherwise diverted from the waste stream, including recycled paper. It includes post-consumer waste, industrial scrap material and obsolete inventories..." A percentage price preference means "the percentage by which a responsive bid from a responsible bidder whose product contains recycled materials (or a greater use of recycled materials) may exceed the lowest responsive bid submitted by a responsible bidder whose product does not contain recycled materials (or a lesser use of recycled materials)."

Bidders offering recycled products as defined by the County Code are cautioned that in order to be eligible for the price preference, the County must be aware at bid opening that the product being offered is recycled. Failure to provide specifications and/or other documentation at bid opening indicating that the product being offered is recycled may result in the bidder not receiving the price preference.

Bidders are also advised that a decision on use of a specification for a good containing recycled materials or a percentage price preference is within the sole discretion of the County and may not be appealed.

4. OPTIONAL PRE-BID CONFERENCE(S)

One or more optional Pre-Bid Conference(s) will be held. It is optional, though highly recommended that prospective bidders attend the pre-bid conference(s). For information regarding the date, time, and place of the conference(s), please see the cover sheet of this bid.

5. OR EQUAL INTERPRETATION

Identification of an item by manufacturer's name, trade name, catalog number, or reference is intended to be descriptive but not restrictive in that it is used for the purpose of describing the type, style, quality, performance and minimum specifications of the product desired, and shall not be interpreted to mean the only acceptable product. Bids on other makes and/or models will be considered provided the bidder clearly states in the spaces provided in the Quotation Sheet what is being proposed and forwards with the bid complete descriptive literature indicating the character of the article being offered and addressing all specifications of this solicitation.

The County reserves the right to accept or reject, in its sole discretion, items offered as an "equal".

6. QUESTIONS

All technical and non-technical questions pertaining to this Invitation for Bid should be directed to the individuals whose names are indicated on the Bid Cover Sheet.

7. SAMPLES

When samples are required it will be so indicated. Samples must be submitted so as to arrive at the designated location prior to the opening of bids and must be identified with the NAME OF BIDDER, BID NUMBER AND BID ITEM NUMBER. Failure to properly identify samples may cause bid to be considered non-responsive. Samples shall be free of charge and delivered at the bidder's expense. The County will have the right to destroy, alter, or mutilate samples in examination for specification or performance compliance without charge from bidder. Samples may be removed within ten (10) days after award. Samples may at the County's option be retained for the life of any subsequent contract period.

8. ACCEPTANCE TIME

By submission of an offer under this solicitation, the offeror agrees that the County has 60 days of acceptance time in which to issue an award. The County reserves the right to reject as non-responsive any offer that specifies less than 60 days of acceptance time.

9. ALTERNATE OFFERS

Bidders must bid only one (1) product and one (1) price per bid item even though they feel they can offer more than one item that will meet the specifications. Bidders must determine for themselves which to offer. If a

bidder submits more than one (1) product and/or more than one (1) price for a given bid item or items, it may be cause for the item or items bid upon to be considered non-responsive and rejected.

10. AWARD OR REJECTION OF BID

- A. Failure to enclose and submit requested data, surety or other documents in the sealed bid return envelope as may be requested herein may be cause for rejection of the bid.
- B. The County reserves the right to accept or reject any or all bids, or portion thereof, to waive informalities and minor irregularities and to award the Contract in the best interest of the County.
- C. Conditional or qualified bids are subject to rejection.
- D. The County reserves the right to reject the bid of a bidder who has previously failed to perform properly or to complete in a timely manner, contracts of a similar nature, or if investigation shows the bidder unable to perform the requirements of the contract.

11. BID PREPARATION EXPENSES

All costs incurred in the preparation and submission of bids will be borne by the bidder and shall not be incurred in anticipation of receiving reimbursement from the County.

12. BID PROTESTS

All protests made pursuant to this solicitation must be in writing and delivered to the Director, Department of General Services: (a) within ten (10) days after the Director, Department of General Services, publicly posts the proposed contract award, if the bidder seeks as a remedy the award of the contract or costs under 11B-36(h) of the Montgomery County Code, or (b) before the submission date for bids, if the bidder seeks as a remedy the cancellation or amendment of the solicitation. **Each protest must contain a protest filing fee in the amount of \$500 (US currency); if the fee is paid by check, then the check must be made out to "Montgomery County Government". The Director, Department of General Services, may return the filing fee to the protesting bidder, if the protest is sustained.** The Director, Department of General Services, must dismiss any protest not timely received.

Only a bidder who is "aggrieved" may file a protest. Aggrieved means that the bidder who is filing the protest may be eligible for an award of the contract if the protest is sustained (e.g., a fourth ranked bidder is not aggrieved unless the grounds for a protest, if sustained, would disqualify the top three ranked bidders or would require that the solicitation be reissued).

Any subcontract for any work hereunder must comport with the terms of this Contract and County law, and must include any other terms and conditions that the County deems necessary to protect its interests.

The contractor must bind its subcontractors to the provisions of this section.

25. PAYMENTS

No payment by the County may be made, or is due, under this contract, unless funds for the payment have been appropriated and encumbered by the County. Under no circumstances will the County pay the contractor for legal fees. The contractor must not proceed to perform any work (provide goods, services, or construction) prior to receiving written confirmation that the County has appropriated and encumbered funds for that work. If the contractor fails to obtain this verification from the Office of Procurement prior to performing work, the County has no obligation to pay the contractor for the work.

If this contract provides for an additional contract term for contractor performance beyond its initial term, continuation of contractor's performance under this contract beyond the initial term is contingent upon, and subject to,

the appropriation of funds and encumbrance of those appropriated funds for payments under this contract. If funds are not appropriated and encumbered to support continued contractor performance in a subsequent fiscal period, contractor's performance must end without further notice from, or cost to, the County. The contractor acknowledges that the County Executive has no obligation to recommend, and the County Council has no obligation to appropriate, funds for this contract in subsequent fiscal years. Furthermore, the County has no obligation to encumber funds to this contract in subsequent fiscal years, even if appropriated funds may be available. Accordingly, for each subsequent contract term, the contractor must not undertake any performance under this contract until the contractor receives a purchase order or contract amendment from the County that authorizes the contractor to perform work for the next contract term.

26. PERSONAL PROPERTY

27. TERMINATION FOR DEFAULT

The Director, Department of General Services, may terminate the contract in whole or in part, and from time to time, whenever the Director, Department of General Services, determines that the contractor is:

- (a) defaulting in performance or is not complying with any provision of this contract;
- (b) failing to make satisfactory progress in the prosecution of the contract; or
- (c) endangering the performance of this contract.

The Director, Department of General Services, will provide the contractor with a written notice to cure the default. The termination for default is effective on the date specified in the County's written notice. However, if the County determines that default contributes to the curtailment of an essential service or poses an immediate threat to life, health, or property, the County may terminate the contract immediately upon issuing oral or written notice to the contractor without any prior notice or opportunity to cure. In addition to any other remedies provided by law or the contract, the contractor must compensate the County for additional costs that foreseeably would be incurred by the County, whether the costs are actually incurred or not, to obtain substitute performance. A termination for default is a termination for convenience if the termination for default is later found to be without justification.

28. TERMINATION FOR CONVENIENCE

This contract may be terminated by the County, in whole or in part, upon written notice to the contractor, when the County determines this to be in its best interest. The termination for convenience is effective on the date specified in the County's written notice. Termination for convenience may entitle the contractor to payment for reasonable costs allocable to the contract for work or costs incurred by the contractor up to the date of termination. The contractor must not be paid compensation as a result of a termination for convenience that exceeds the amount encumbered to pay for work to be performed under the contract.

29. TIME

MINORITY BUSINESS PROGRAM & OFFEROR'S REPRESENTATION

It is the policy of the County to recruit actively, minority-owned businesses to provide goods and services to perform governmental functions pursuant to Section 11B-57 of the County Code. Minority-owned businesses are described in County law as Minority/Female/Disabled Person owned businesses (MFD). MFD businesses include certain non-profit entities organized to promote the interests of persons with a disability demonstrating (on a contract by contract basis) that at least 51% of the persons used by the non-profit entity to perform the services or manufacture the goods contracted for by the County, are persons with a disability. MFD firms also include those firms that are 51% owned, controlled and managed by one or more members of a socially or economically disadvantaged minority group, which include African Americans who are not of Hispanic origin, Hispanic Americans, Native Americans, Asian Americans, Women and Mentally or Physically Disabled Persons.

Section 7 - "Minority Contracting", Montgomery County Procurement Regulations specifies the procedure to be followed and will govern the evaluation of offers received pursuant to this solicitation. A copy of Section 7 of the Procurement Regulations is available upon request.

Prior to awarding contracts with a value of \$50,000 or more, a prospective Contractor (who is not a certified MFD firm) must demonstrate that a minimum percentage of the overall contract value as set by the County, will be subcontracted to certified MFD businesses. A decision as to whether the prospective Contractor has demonstrated a good faith effort to meet this subcontracting requirement will be made by the Director, Department of General Services or his/her designee, who may waive this requirement.

A sample of the MFD Report of payment Received is attached. This form is mailed to the MFD Subcontractor to complete for documentation of payment by the Prime Contractor. It is not to be completed by the Prime Contractor nor submitted with the MFD Subcontractor Performance Plan.

The Director, Department of General Services or his /her designee, determines whether a waiver of MFD subcontracting would be appropriate, under Section 7.3.3.5 of the Procurement Regulations.

For further information regarding the MFD Business Program, please contact the MFD Program, Office of Business Relations and Compliance at (240) 777-9912.

Minority-Owned Business Addendum to General Conditions of Contract Between County and Contractor

- A. This contract is subject to the Montgomery County Code and the Montgomery County Procurement Regulations regarding participation in the Minority-Female-Disabled Person (MFD) procurement program.
- B. Contractor must subcontract a percentage of the total dollar value of the contract, including all modifications and renewals, to certified minority owned businesses. The MFD subcontracting goal may be waived under appropriate circumstances by submission of a letter to the Minority Procurement Officer. The letter must explain why a waiver is appropriate. The Director of the Department of General Services or designee may waive, in whole or in part, the MFD subcontracting goal if the Director determines that a waiver is appropriate under Section 7.3.3.5 of the Montgomery County Procurement Regulations. In determining if a waiver should be granted, the Director may require the Contractor to submit additional information; the Director may require the Contractor to submit some or all of this information on forms approved by the Director.
- C. The attached MFD Subcontractor Performance Plan, which must be approved by the Director, is an integral part of the contract between County and Contractor. In a multi-term contract, Contractor must submit a MFD Subcontract Performance Plan to be in effect for the life of the contract, including any renewal or modification.
- D. Contractor must include in each subcontract with a minority owned business a provision that requires the use of binding arbitration with a neutral arbitrator to resolve disputes between the Contractor and the minority owned business subcontractor. This arbitration provision must describe how the cost of dispute resolution will be apportioned; the apportionment must not, in the judgment of the Director, attempt to penalize a minority owned business subcontractor for filing an arbitration claim.
- E. County approval of the MFD Subcontractor Performance Plan does not create a contractual relationship between the County and the minority owned business subcontractor.
- F. Contractor must notify and obtain prior written approval from the Director regarding any change in the MFD Subcontractor Performance Plan.
- G. Before receiving final payment under this contract, Contractor must submit documentation showing compliance with the MFD Subcontracting Performance Plan. Documentation may include, at the direction of the Director, invoices, copies of subcontracts with minority owned businesses, cancelled checks, affidavits executed by minority owned business subcontractors, waivers, and arbitration decisions. The Director may require Contractor to submit periodic reports on a form approved by the Director. The Director may conduct an on-site inspection for the purpose of determining compliance with the MFD Subcontractor Performance Plan. If this is a multi-term contract, final payment means the final payment due for performance rendered for each term of the contract.
- H. If the Contractor fails to submit documentation demonstrating compliance with the MFD Subcontractor Performance Plan, to the satisfaction of the Director, after considering relevant waivers and arbitration decisions, the Contractor is in breach of this contract. In the event of a breach of contract under this addendum, the Contractor must pay to the County liquidated damages equal to the difference between all amounts the Contractor has agreed under its Plan to pay minority owned business subcontractors and all amounts actually paid minority owned business subcontractors with appropriate credit given for any relevant waiver or arbitration decision. Contractor and County acknowledge that damages which would result to the County as a result of a breach under this addendum are difficult to ascertain, and that the liquidated damages provided for in this addendum are fair and reasonable in estimating the damage to the County of a breach of this addendum by Contractor. In addition, the County may terminate the contract. As the result of a breach under this addendum, The Director of the Department of General Services must find the Contractor non-responsible for purposes of future procurement with the County for the ensuing three years.

**Wage Requirements for Services Contract Addendum to The General Conditions of Contract Between
County and Contractor**

- A. This contract is subject to the wage requirements of Section 11B-33A of the Montgomery County Code. A County contract for the procurement of services must require the contractor and any of its subcontractors to comply with the wage requirements of this Section, subject to exceptions from coverage for particular contractors noted in 11B-33A(b) and for particular employees noted in 11B-33A(f).
- B. Conflicting requirements (11B-33A(g)): If any federal, state, or County law or regulation requires payment of a higher wage, that law or regulation controls. If any applicable collective bargaining agreement requires payment of a higher wage, that agreement controls.
- C. Nonprofit organizations who are exempt from the wage requirements under 11B-33A must specify the wage the organization intends to pay to those employees who will perform direct, measurable work under the contract, and any health insurance the organization intends to provide to those employees.
- D. A contractor must not split or subdivide a contract, pay an employee through a third party, or treat an employee as a subcontractor or independent contractor, to avoid the imposition of any requirements in 11B-33A.
- E. Each contractor and subcontractor covered under 11B-33A must: certify that it is aware of and will comply with the applicable wage requirements; keep and submit any verifiable records necessary to show compliance; and conspicuously post notices, approved and/or supplied by the County, informing employees of the wage requirements.
- F. An employer must comply with Section 11B-33A during the initial term of the contract and all subsequent renewal periods and must pay an increase adjustment in this wage rate, if any, automatically effective July 1 of each year. The County will adjust the wage rate by the annual average increase in the Consumer Price Index for all urban consumers for the Washington-Baltimore metropolitan area, or successor index, for the previous calendar year and must calculate the adjustment to the nearest multiple of 5 cents.
- G. An employer must not discharge or otherwise retaliate against an employee for asserting any right or filing a complaint of a violation, under the wage requirements.
- H. The sanctions under Section 11B-33(b), that apply to noncompliance with nondiscrimination requirements, apply with equal force and scope to noncompliance with the wage requirements under 11B-33A.
- I. The County may assess liquidated damages for any noncompliance by contractor with the Section 11B-33A wage requirements at the rate of 1% per day of the total contract amount, or for a requirements contract, the estimated annual contract value, for each day of the violation. This liquidated damages amount includes the amount of any unpaid wages, with interest. In the event of a breach of contract under this paragraph, the Contractor must pay to the County liquidated damages noted above, in addition to any other remedies available to the County. Contractor and County acknowledge that damages that would result to the County as a result of a breach under this paragraph are difficult to ascertain, and that the liquidated damages provided for in this paragraph are fair and reasonable in estimating the damage to the County resulting from a breach of this paragraph by Contractor. In addition, the contractor is jointly and severally liable for any noncompliance by a subcontractor. Furthermore, Contractor agrees that an aggrieved employee, as a third-party beneficiary, may by civil action enforce the payment of wages due under the Section 11B-33A wage requirements and recover from Contractor any unpaid wages with interest, a reasonable attorney's fee, and damages for any retaliation for asserting any right or claim under the 11B-33A wage requirements.
- J. The Director may conduct random audits to assure compliance with Section 11B-33A. The Director may conduct an on-site inspection(s) for the purpose of determining compliance.
- K. If the Contractor fails, upon request by the Director, to submit documentation demonstrating compliance with Section 11B-33A to the satisfaction of the Director, the Contractor is in breach of this contract. In the event of a breach of contract under this paragraph, upon request by the County, the Contractor must pay to the County liquidated damages noted in paragraph I. above, in addition to any other remedies available to the County. Contractor and County acknowledge that damages that would result to the County as a result of a breach under this paragraph are difficult to ascertain, and that the liquidated damages provided for in this paragraph are fair and reasonable in estimating the damage to the County resulting from a breach of this paragraph by Contractor.

For bid evaluation purposes, this price(s) will be compared to price(s) of another Nonprofit organization(s) that is paying its employees an amount consistent with its exemption from paying the hourly rate under the wage requirements. This revised information on the duplicate quotation sheet must be clearly marked as your Nonprofit organization comparison price(s). In order to compare your price(s), the revised information on the duplicate quotation sheet must be submitted with your bid, must show how the difference between your price(s) and your Nonprofit organization comparison price(s) was calculated, and will not be accepted after the bid opening date. **Prevailing Wage Requirements for Construction Contract Addendum to the General Conditions of Contract
between County and Contractor**

The Contractor and all Subcontractors must comply with the Prevailing Wage Law contained in Chapters 11B-33C and 20-75 of the Montgomery County Code. Prevailing wage means the wage rate paid by employers that is determined by a governmental authority, based upon a particular geographic area, for a given class of labor and type of project. The purpose of a prevailing wage is to ensure that construction workers who work on public works contracts are paid the going rate for their services. The prevailing wage rates are established by the State of Maryland and apply to all of the Contractor's employees and any and all Subcontractors. The Contractor and all Subcontractors must comply with all of the requirements of the Prevailing Wage Law including, but not limited to, the following:

1. Pay employees the prescribed rate as annually established by the State of Maryland Commissioner of Labor and Industry; the prevailing wage rates in effect on the date a solicitation is issued will apply throughout the term of a contract resulting from that solicitation;
2. Pay employees overtime for work more than 10 hours in any single day, work more than 40 hours in a work week, or work on Sunday or legal holiday;
3. Classify employees in their proper work classification in conformance with the schedule established by the State of Maryland Commissioner of Labor and Industry;
4. Electronically submit payroll records through www.LCPTracker.net, within 14 days after the end of each payroll period, to verify that Prevailing Wage rates have been paid to employees. The payroll records must include the following:
 - A. The name, address and telephone number of the Contractor or Subcontractor;
 - B. The name and location of the job;
 - C. Each employee's:
 - a. Name;
 - b. Current address unless previously reported;
 - c. Specific work classification;
 - d. Daily straight time and overtime hours;
 - e. Total straight time and overtime hours for the payroll period;
 - f. Rate of pay;
 - g. Fringe benefits by type and amount;
 - h. Gross wages.
5. If a Contractor or any Subcontractors are late in submitting copies of any payroll records required to be submitted under the Prevailing Wage Law, the County may deem Contractor's invoice(s) submitted to the County for payment unacceptable until the Contractor and Subcontractors provide the required records; and, the County may postpone processing payments otherwise due under the Contract or under an agreement to finance the Contract;
6. The Contractor and all Subcontractors must retain all payroll records for a period not less than five (5) years after the Work is completed;
7. The County may inspect the payroll records at any reasonable time and as often as it deems necessary;

8. The County may perform random or regular audits and investigate any complaint of a violation of the Prevailing Wage Law;
9. In the event the County determines that a provision of the Prevailing Wage Law has been violated, the County may withhold payment to the Contractor in an amount sufficient to pay each employee of the Contractor or any Subcontractors the full amount of wages due under the Prevailing Wage Law, and an amount sufficient to satisfy a liability of a Contractor or any Subcontractors for liquidated damages as provided under the Prevailing Wage Law, pending a final decision on the violation by the County;
10. Contractor may appeal a written decision of the Director, Department of General Services, that the Contractor violated a provision of the Prevailing Wage Law to the Chief Administrative Officer (“CAO”), within ten (10) days after receiving a copy of the decision. The CAO must designate a hearing officer to conduct a hearing upon receipt of a timely appeal. If the Contractor does not appeal a written decision within ten (10) days after receipt, the decision of the Director, Department of General Services, becomes final and binding;
11. Contractor and all Subcontractors must not discharge, or otherwise retaliate against, an employee for asserting any right under the Prevailing Wage Law or for filing a complaint of a violation;
12. An aggrieved employee is a third-party beneficiary of this Contract and the employee may by civil action recover the difference between the prevailing wage for the type of work performed and the amount actually received, with interest and a reasonable attorney’s fee; and
13. Each Contract subject to the Prevailing Wage Law may specify the payment of liquidated damages to the County by the Contractor and any Subcontractors for any noncompliance with the Prevailing Wage Law. Liquidated damages are: \$10 for each calendar day that the payroll records are late; \$20 per day for each day that an employee is misclassified; and \$50 per violation of the requirement to post the prevailing wage rates at the work site.
14. Where the initial Contract Sum is below the \$500,000.00 threshold, but it is subsequently increased and exceeds the \$500,000.00 threshold due to an approved Contract Modification, the amount of any such Contract Modification that causes the Contract Sum to exceed the \$500,000.00 threshold is subject to the Prevailing Wage Law.
15. The Contractor and all Subcontractors must post a clearly legible statement of each prevailing wage rate in a prominent and easily accessible place at the Work Site during the entire time Work is being performed, in English and any other language that is primarily spoken by the employees, at the Work Site.
